

Guldberg Penselfabrik

Handmade paintbrushes for professionals

GULDBERG Handmade

Guldberg for professionals

GULDBERG has more than 35 years experience in producing brushes that meet the professional painter's requirements for quality.

Guldberg brushes are handmade, the result of proud craft traditions combined with ongoing product development in cooperation with Danish painters.

Guldberg brushes are made from specially selected materials. Each fiber / natural brush in the brush is straight, soft and uniform, so the brush absorbs the paint and releases it again leaving an excelent finish. The unpainted wooden handles of beech ensures that they do not slip in your hand and the ergonomic design makes them comfortable to work with - ideal conditions for a perfect result.

Guldberg handmade are produced by FSC® certified wood NC-COC-021964

The mark of responsible forestry FSC* C124281

A Guldberg brush

- Handmade
- Easy to use
- Long-lasting
- Ergonomic
- Excelent finish
- Perfect result
